Subject: Site visit re Solid Waste

Jeff/Beth:

We are developing cost estimates for removal of solid waste. I'd like to bring out our abandoned vehicle coordinator, Mary Impson the week after next (week of December 17) to conduct an inventory of vehicles and boats. I assume you will still be mobilized? We may also have an engineer come out to look at the debris pile/landfill but that may be after you demobilize. (That is just for future planning purposes). Should we also be contacting Mr. Pillon to confirm access? I understand he may not be available to respond.

Please advise.

Thanks-Jim
